

# Wider Church Ministry Report

## Wider Church Ministry of Missouri Mid-South Conference Report

Wider Church Ministry has been the umbrella of support to the covenanted ministries outside of Local Church Ministry. The following covenanted ministries are:

Camp Mo-Val Covenant Ministry

Shannondale Covenant Ministry

Peace and Justice Covenant Ministry

Boundary Training Covenant Ministry

Jamaica Partnership

Congo Ministry Partnership

These Covenant Ministries are active at various stages. Yet, all present and future ministries need additional support through funding and volunteer support. We the people of Missouri Mid-South Conference are being asked to be more actively involved in our conference today and going forward. Wider Church Ministry is seeking many good people to join one of the above ministries or if you have a passion of mission and feel the mission will help others come to know Jesus through our testimonies and/or our actions as living Christians, then the Wider Church Ministry is looking for you. We as Christians were challenged by God through Jesus to be examples of good stewards to all, to be respectful of one another, and walk humbly among others, doing God's work for each other and all people.
