Ambassadors Program
Making Connections!
Rev. Donna Smith-Pupillo
Missouri Mid-South Conference Annual Meeting 2017
Just what is an Ambassador?

Someone who loves the UCC and wants to share with other UCC churches about what is happening in the Missouri Mid-South Conference.
What are some things the Ambassador would want to share with a UCC church?

- Conference and Association events and happenings
- Cluster and other church events
- Conference council decisions
- Church celebrations
- Mission and service opportunities
- Good news of what is happening!
Where does an Ambassador get the information that is shared?

- Quarterly email to the Ambassadors with news to share. This information comes from the Conference council and other covenanted ministries.
- Information sent by churches and clusters.
How does the Ambassador share the information?

- Speaking with the pastor or lay leadership to arrange a visit on Sunday morning.
- Coming to the morning worship and sharing during the time set by the pastor.
- Being present with the church during any special occasions like an anniversary.
Does the Ambassador share anything with the conference staff when a visit is made?

- After a visit, filling in a brief summary of the visit, and emailing to dpupillo@faithnurses.org
- This summary will be shared with the conference for any concerns or joys.
Let’s see a visit in practice!

- What did you see?
- What would you add or do differently?
- What would you report back to the conference?
So what are the expectations of an Ambassador ....

- Make visits on two or three churches in a year
- Receive the email with the news of the conference
- Arrange for the visits to the churches
- Share the news of the conference at a worship service or other appropriate time
- Report back to the conference about the visits.
- Attend any conference calls for Ambassadors for information.
Any Questions ???
Thank you and sign up today!
